Presentation; Ride of Silence by Ray Hanson

Event will be held May 16th at 7pm- Like a funeral ride/ will have police escort/ will ride around town to make scene- routes will be figured out and submitted to proper authorities prior to.

Guest Speaker; Sgt. John Cunningham; LPD Bike Patrol- Updated us on Bike patrol. LPD has six or nine bikes now. Their policy requires two LPD cars to be on the street before a bike can... so they are limited sometimes. Bikes work well for PR, special events, foot patrol, and donut liquidation. Also talked about bikes on sidewalks issue- not supposed to on main. Remind bikes to ride with traffic. Stickers on light poles won't work. Moving racks to corners might help. Officer felt comfortable riding on main- but understands why it might not be a good idea for some (children etc.)
