- I.        And the Survey Says!... Eric C. took 30 minutes to break down the current survey results.
  - In the nutshell, about 60 folks completed the survey so far, about 50/50 as far as gender and age was mixed too- so a well rounded group.
  - Cycling Advocacy was selected by most folks as the biggest priority.
  - Overall, we feel like the club was very aligned the priorities expressed through the survey.
  - No negative comments at all. We're awesome!
- II.      FS Trail building- Sat Sept 14<sup>th</sup>—ongoing Wednesdays
  - New FS Trail name results— #1) "Chain Reaction"
- III.     Kiosk for JBR—will be purchased/ installed after the Jurassic Classic, or after the JC expenses are firmed up (when we know how much money the club has left).
  - WyDOT signs for JBR... will cost \$1000.00
- IV.     Jurassic Classic MTB Race- Sept 21<sup>st</sup>, 8AM
  - Paul G. (not sure how to spell) donated gobs of cow burger for the event.
  - Route maps are out now
  - Volunteers are being recruited
